Global Art Contest KOSOVA ART'4

“Love for...?” is a topic that has gathered in Kosovo the works of local and international creators and artists to participate in the 2914 Global Art Competition.

It has now become a tradition, the Global Art Contest while the final selection of participating works reveals the variety of media and artistic attitudes.

Despite genre and techniques used, these works offer a broad range of images that reflect the relationship that artists have sought to build in relation to the topic.

Some of the works speak for successful professional effort and then the others are works of formed individualities that know to reproduce themselves with taste and craftsmanship.

Artists in their laboratories have explored various forms of expression and have built an artistic language in personal coordinates, a language that allows and invites for an open dialogue and interaction with the audience to expand horizons, to rethink prejudices and reflect on numerous ways through which love affects human life and how various factors influence the concept of love.

By embracing love sometimes as an ideal and sometimes as a lived experience or as something lost, the exhibition reveals images that are descriptive and at times they crave for more complex forms, ambiguous, mystical, allegorical. They are pre-realities, folding ideas and symbolic concepts that now have a shape and life and with sensitiveness are synthesized within the works to enable the communication of messages as much specific as universal.

Although thematic, Global Art Contest is open for associations and totally free expressions, moreover, when artists though coming from different countries of the world, they manage to emerge from their original space, by unfolding and designing in the other part of humanity and the world, with colors and specific characteristics that they carry and the vitality of culture that they represent.

Gara e Artit Global KOSOVA ART'4

“Dashuria për...?” është tema që në Kosovë mbledhi vepra të krijuesve dhe artistëve nga vendi dhe bota për të qenë pjesëmarrës në Garën e Artit Global 2014.

E kthyer tashmë në traditë, Gara e Artit Global në këtë edicion me përzgjedhjen përfundimtare të veprave pjesëmarrëse shpërfaq varietetet edhe mediumesh, edhe qëndrimesh artistike.

Pavarësisht gjinisë dhe teknikës së përdorur, këto vepra ofrojnë një gamë të gjërë imazhesh të cilat reflektojnë marrëdhëniet që artistët kanë kërkuar t'i ndërtojnë në raport me temën.

Disa nga veprat flasin për përpjekje profesionale të suksesshme dhe të tjerat pastaj janë vepra të individualiteteve të formuara që dijnë ta riprodhojnë veten me shije dhe me mjeshtëri.

Artistët në laboratorët e tyre krijuan kanë eksploruar forma të ndryshme të shprehjes dhe kanë ndërtuar një gjuhë artistike secili sipas koordinatave personale, gjuhë e cila mundëson, grish dhe hap dialog dhe interaksion me audiencën për të zgjerruar horizontet, për të rimenduar paragjykimet dhe për të reflektuar mbi mënyrat e shumta përmes të cilave dashuria ndikon në jetën e njeriut dhe se si faktorë të ndyshëm ndikojnë në konceptin e njeriut mbi dashurinë.

Duke e përqafuar dashurinë herë si ideal, herë si përvijë të jetuar ose si dëgjim të humbur, ekspozita shpërfaq imazhe që janë herë përshkruese e herë gjakojnë forma më komplekse, të dyzuara, mistike, alegorike.

Janë pararealitete, palosje idesh dhe konceptesh simbolike që kanë marrë trajtë, jetë dhe me ndjeshmëri janë sintetizuar brenda veprave për të mundësuar komunikimin e mesazheve sa specifike, po aq dhe universale.

Edhe pse tematike, Gara e Artit Global është e hapur për asociacione dhe interpretime krejt të lira, për më tepër kur artistët edhe pse vijnë nga vende të ndryshme të botës, arrijnë të dalin nga hapësira e tyre burimore, duke u shpalosur dhe projektuar në pjesën tjetër të njerëzimit dhe botës me ngjyrat dhe karakteristikat specifike që mbartin dhe vitalitetin e kulturës që përfaqësojnë.
